

# S1 Learner Review Sheet For Skills Based Electives 2017/2018

In S2 you will have 2 periods per week joined with S3 pupils. This is working on skills based subjects/courses. You will choose which skills based elective course that you would like to do. The information booklet is found on our school website under 'course choices' and is called 'S1 Learner Review Options'. This is also available from main reception if you do not have internet access.

Each subject on offer has a page of information in this booklet to help select the best course for you. Your guidance teacher will hold a meeting to talk you through this and then you will enter your final choices with them. You must bring this sheet signed by your parent/carer with you to your meeting.
