

S2 Learner Review Sheet 2017/2018

Please find all the information on your next year S3 courses within the 'S2 learners review booklet', 'S2 skills based elective booklet' and 'S2 IDL'. This is found on our school website under course choices and is also available from main reception if you do not have internet access. Each subject on offer has a page of information in this booklet to help select the best course for you. Your guidance teacher will hold a meeting to talk you through this and then you will enter your final choices with them. You must bring this sheet, signed by your parent/carer, with you to your meeting.

Faculty subjects:

In S3 you will continue to study Maths (4 periods per week), English (4 periods per week) and French (3 periods per week). You can choose a subject from within each of the other faculties for 3 periods per week e.g. you can choose to study only music from Expressive Arts for 3 periods per week.

Inter Disciplinary Learning (IDL):

You will then choose which Inter Disciplinary Learning course you would like to do. This joins up subjects from across the school and is for 1 period per week.

Skills Based Elective:

You will then choose which skills based elective course that you would like to do. This provides you with a chance to further develop skills for life, learning and work for 2 periods per week.
