# Head Boy and Head Girl

Dear S6,

It has been great knowing all of you and learning from each other over the years. Now that we have reached the end of our school lives, we will all be moving onto our lives and may not see each other again in the coming future. So, we'd just like to say thank you and good luck with the future. But we would like you to remember your time in school, whether it was good or bad, and the experiences that has shaped you into the individuals you are now.

In the coming future we advise you to take the risks and grab every opportunity offered to strengthen yourselves. Most of all whatever you do, have patience as it is the key to any success in life. Apply all that you have learnt so far to take you higher in life. Do not doubt your abilities because you all have potential to always do more than you think.

Moving forward, we thank you for all the support and appreciation throughout our time at Craigroyston.

We wish you all the best and hope you all achieve nothing but success.

Thank You,  
Daryl & Sadia

# Mr McFarlane

When I was asked if I would like to take on the role of a Year Head back in August, I was naturally very excited to get this opportunity. Then I found out it would be for the current S6 and things went downhill from there! (only joking). What a bunch you all are. You have made my first year as being a year head an interesting one! Be that spending and excellent weekend at Dalguise with some of you as part of the Pupil Leadership or walking passed your common room every day to the shouts of "Oi Oi Adam McF" or "AJ", it has been a pleasure being your Year Head.

You have been a great bunch of pupils throughout your time at Craigroyston, and in the 4 years that I have been here, you have certainly been a year group that will be known for your humour and making us laugh even in challenging moments. You have done some great things this year, from buddying S1 pupils to volunteering in junior classes to help us control the masses. You have been a genuinely hardworking and helpful year group.

I wish every one of you all the success for the future and hope that you achieve everything that you set out to do. All the best and hopefully see you soon!

- Best wishes,  
Mr McFarlane

# Mrs Grant

Firstly, congratulations for surviving to the end of S6!

I'm sure for many of you there have been some moments where you have considered leaving, but you got here in the end (even if Ms McLaren had to drag you here!).

When I joined the school you were only wee S2s! I remember Rhiannon being one of the hardest workers in my first ever S2 class and she still is now! I've now taught a lot of you over the years and have some great memories of your year group. From laughing about 'finger donuts' with Ellie, Daryl, Sadia and Mahira to needing Gail and Jannatul to talk me through the tears whilst abseiling at Dalguise! I will miss Nicola and Dorina's non-stop chatter (well, some of it!) as well as Jakub's easy-going attitude. I will miss Pawel's infectious giggle and my three English volunteers – Aga, Joanna and Marisol. I will not miss chasing you all for English folio pieces, personal statements and UCAS applications though haha!

You should all be so proud of what you have achieved at Craigroyston. I have watched so many of you grow from being shy and quiet pupils to confident and mature young adults. You have fully embraced what it means to be a member of this school and this community and you will be sorely missed.

All the best for the future – I know you guys will absolutely smash it!

See you on the dancefloor at prom!

Dear S6s,

It's been an honour and a privilege to watch you all grow from wide-eyed children to fine young adults. I still remember how quiet and shy Rhiannon was in S2 and here is she now doing Higher French. Mahira, your ambition and determination to excel in every aspect of Advanced Higher French will never fail to amaze me!

I can't believe the time has gone by so quickly. Well, you know what they say - time flies when you're having fun! Who could forget all the fun moments we had in Madrid, all the laughs we shared with Marisol, Aga and Joanna, the awkward moment when we lost Fatou or when Brandon was helping us to carry all the extra Fanta lemon bottles! I will never forget the mystified face of Sam when he took photos of our "gourmet" dinner in Madrid or when Ellie found a piece of foil in her dish!

As you continue to go through life, never forget to keep learning, to keep having fun and to always smile! Go into the world and do well but more importantly, go into the world and do good! As Steve Jobs said, "If you're working on something exciting that you really care about, you don't have to be pushed. The vision pulls you!"

I am so proud of you all and I will miss you!

The current S6 were just in S3 when I started at Craigroyston, and they were a colourful bunch! I had two S3 classes, so I spent a lot of time with your year group when I first arrived. Even before that, I remember some of them such as Brandon and Blaine being in the small class that I had to teach to get the job in the first place. Brandon basically looks the same now as he did then – but has maybe just grown about a foot!

The past couple of years it has been lovely to see so many of you develop into such a wonderful young adults and compassionate people. I have probably spent the most time with Mahira – 10 periods a week this year and last as she is an absolute History and Modern Studies Queen! This year the same can be said for Dorina, who I see every single day and have a laugh every time I see her. Joke. Nico, I am so proud of how far you have come in your time here, from the quiet boy who barely spoke to a confident guy who has his wee crew in 'Little Spain' in the Modern Language corridor. Sadia you are such a hard worker and lovely, kind, compassionate person so just keep doing you. There are so many of you who are just such fantastic people that I know I won't be able to get through you all, but just know that it hasn't gone unnoticed.

Advice I can give you...

1. Firstly – don't put yourselves down, so many of you have had doubts about your ability and fantastic-ness that is unnecessary and unwarranted! You are fantastic people and need to believe in yourselves.
2. Enjoy the world outside of school, it can be daunting for sure but you guys will absolutely nail it.
3. With that in mind, make new friends when you go onto whatever you go on to do, but keep your old friends too. It is great to know that no matter where you go or what you do, that you have these friends to come home to. If you physically move away from home after school, make a plan with school friends to come together over Christmas – get that date in the diary NOW! That way you know that no matter what happens, you will have familiar faces to chat to in no time at all.
4. Do what you genuinely want to do, not what teachers/parents or friends tell you you should do. It is your life and you will enjoy it more if you are all yourselves.
5. Be kind to everyone and don't forget the person or people who helped you get to where you are and take the time to say thank you. Being kind is free.

-Much love, Mrs Fish

When I was asked to attend the 1st year camp to stay in a derelict, dreary bothy in the middle of nowhere... I didn't expect to have quite as much fun as I did. We had amazing walks, dodged roaming cows on our nature filled cycles, people took tosses falling out of their bunk beds, blaring 'Let me take a selfie!' on the last morning to wake everyone up and some dodgy tummies in the van on the way home; Miss Wilson will remember this well! My favourite memory is the lovely chats Daryl and I had which reminded me how important these trips are for both pupils and teachers. From that trip on Daryl knew he was one of my all-time favourites! I could rely on Daryl and Sadia for anything before they even became Head Boy and Girl.

Then all your wonderful journeys began in S1 to deliver you safe and sound into S6 – tanned, tattooed, pierced, questionable hair styles, see through leggings, chippys, Greggs and somewhat, hopefully, more mature! From dramas, breaking up altercations, giving a good few rows to great gossip I had the joy of seeing you all grow up into the wonderful young people you are today. I will miss seeing all the showdown meetings over Prom – I can only imagine the craic Miss Hamilton has had to listen to!

My fondest memories of S6 are:

Rhiannon nearly dying of the shame and embarrassment for getting up to antics in a certain teacher's classroom!

Nicola doing the most insane splits I have ever witnessed and forever calling me "chick" and showcasing all her Johnny Depp tattoos.

Ellie L always having a cracking comeback to someone's poor banter!

Jakub being the best team player at the PLT weekend away!

Mahira for being a creative genius in English- make sure to get that A at Advanced Higher!

Marisol saying it how it was – all the time!

Sadia being the most kind and accepting young lady I have ever met. Her giggle is the best!

Cherise smiling from ear to ear with a, "Heya hen..." and for always being brutally honest.

The wonderful ESOL class of absolute delights.

I could go on and on but I would prefer to see you all in person at Prom and share a cheers to all the banter that was had over the years. Best of luck in your next steps into this big and beautiful world and hold your memories of Craigroyston close to your heart and soul.

I'd like to leave you with a fantastic poem which is titled:

### **'Never Stop Being you- Terrie Brushette**

Never stop pushing away negative thoughts that make you feel sad.

Never stop looking at all the miracles we have had.

Never stop loving the ones you hold dear.

Never stop giving, and don't give into the fear.

Never stop smiling, but look forward to each new day.

Never stop shining in your own special way.

Never forget that all storms will clear.

Remember brighter tomorrows are always near

To all the departing Sixth years,

It is mindblowing to think that the S3s I met in the first months after Easter 2017 when I arrived to replace Mr Spiers are now leaving Craigroyston! Victor Hugo (French guy, grey beard, wrote Les Misérables) said that “melancholy is the pleasure of being sad.” And that feels like most appropriate reaction to you all leaving Craigroyston.

Sadness that I will never again be greeted as “Uncle Colm” by Rhiannon.

Bereft that we won’t see your cheery faces in the common room.  
Devastated that I won’t be innocently roped into gruesome, terrifying drama performances.

But there are other emotions too, I’m grateful I won’t be getting slagged off by Cherise for tumbling off my bike THAT ONE TIME one icy morning (I literally nearly broke my leg), sheer relief that I will never again have to hear Nicola say I look like the ginger guy out of the Full Monty. You know, I’m even going to miss Jessica telling me I look depressed (she once said I looked happy about 2 years after I started here and I just about fell off my chair in shock). But joking aside, you should all be enormously proud of the remarkable young people you have grown to be over your time at Craigroyston. I have learnt so much from you over the last three years and my heart swells with pride and joy to think of all the amazing things you’re going to achieve in the years to come. Please remember that stories and books can be your friends throughout your life.

Your pal,  
Mr Linnane

To everyone in the S6 class of 2020!

Congratulations and well done on completing your 6 years at CCHS! I remember taking you to S1 camp along with Miss Haskins and Mr Richards to the Scottish Borders. When I look back at the pictures I can't believe how small you all were. We stayed in a bothy with no electricity or running water but we survived to tell the tale. Just. I feel like the last person standing as all of you will be leaving and both Miss Haskins and Mr Richards have moved on!

I look forward to seeing you at Prize Giving and Prom to complete your 6 years and to celebrate how far you have all come.

Hopefully you have enjoyed your time here with us and are ready to move on to something new. I wish you all the very best of luck in what ever you choose to do moving forward with your life after school!

Dear S6,

Well, thank god you're all on your way to a new and exciting journey! Having left school, your life is now beginning in a different direction. I advise you all to work really, really hard because I do believe that the harder you work the luckier you are. It's been great seeing all of you grow up and change throughout the years, and it has been an absolute pleasure teaching some of you. Shout out to my Higher Maths class!

You've all been amazing, you've all got good plans, just stick in , do well and be in good health. All the very best for the future. Love you all!

-Mrs Brown

To all of S6,

Good luck and best wishes to all of S6! I hope everyone succeeds in what they want to do, and remember to never give up on your dreams. Once again, good luck for whatever you want to pursue in the future.

Thank you so much to Daryl, Aga, Lennon and Mimi in my Higher Physics class for being such amazing, hardworking pupils this year!

It is always a strange time when an S6 group leaves. Happy that a group of young adults is taking a new path into the world and also a tinge of sadness to see them leave.

I've been fortunate to have taught most of you and it's been a pleasure to have done so. One of the many positives about this year group is how friendly you have been, whether it's been in the classroom or the corridor, I can always count on a friendly face and conversation even if I'm being a moany grump (which I usually am).

The transformation that you have gone through in your time here is amazing.

Little shy and quiet Cherise (who always did her homework!) has turned into the confident young woman I hear giving me abuse about my football team and singing karaoke in the common room.

Pawel arrived in S4 whispering what little English he knew and just over a year later he was standing in front of two year groups presenting like a professional.

These are just two examples out of the many who have developed from young children into the charming adults you are today.

Even now as S6s, you regularly show a good example to the lower years with your confident demeanor, your uniform, your behaviour and general manners.

All of these will serve you well in whatever career path you choose to take. There are a lot of you to remember, but I will remember the 2020 leavers group fondly.

Dear S6!

Your made it! It's been a long road, a hard road, but a very well fought road. I hope you are all immensely proud of yourselves.

Never have I met such an incredible group of funny, happy, intelligent, EPIC individuals who continue every day to remind me what determination looks like. I wish you every ounce of luck in the universe in whatever you decide to do, but just remember us teachers if you ever become rich and famous...

To my sociology class; I hope you never stop creating revolutions and sticking it to the man (and always remember, when in doubt, mean girls!).

Chezza- looking forward to you building me a house when you move to Dalkeith. Keep living the dream!

Mahira- maybe try being on time in Uni... but always keep smiling!

Dorina- Will not miss threatening you chuck your phone out the window!

Sads and Daz- top heidys! Well done for keeping everything together this year!

Deeko- if ever having a bad day, just think of that bog up in Skye!

To the rest or you: do your best, be happy, and above all, HAVE THE BEST LIFE!

Lots of love,

Miss Dunlop xx
