

You will need:

Morphological Monsters Dice sheets

Blank Paper

Pencils

Coloured pens/ pencils

Scissors

Glue

Instructions:

This game should be played in groups of 4.

Each player in the group is given a different Die net (bodies, mouths, eyes or extras) and must cut it out and stick it together to make a cube.

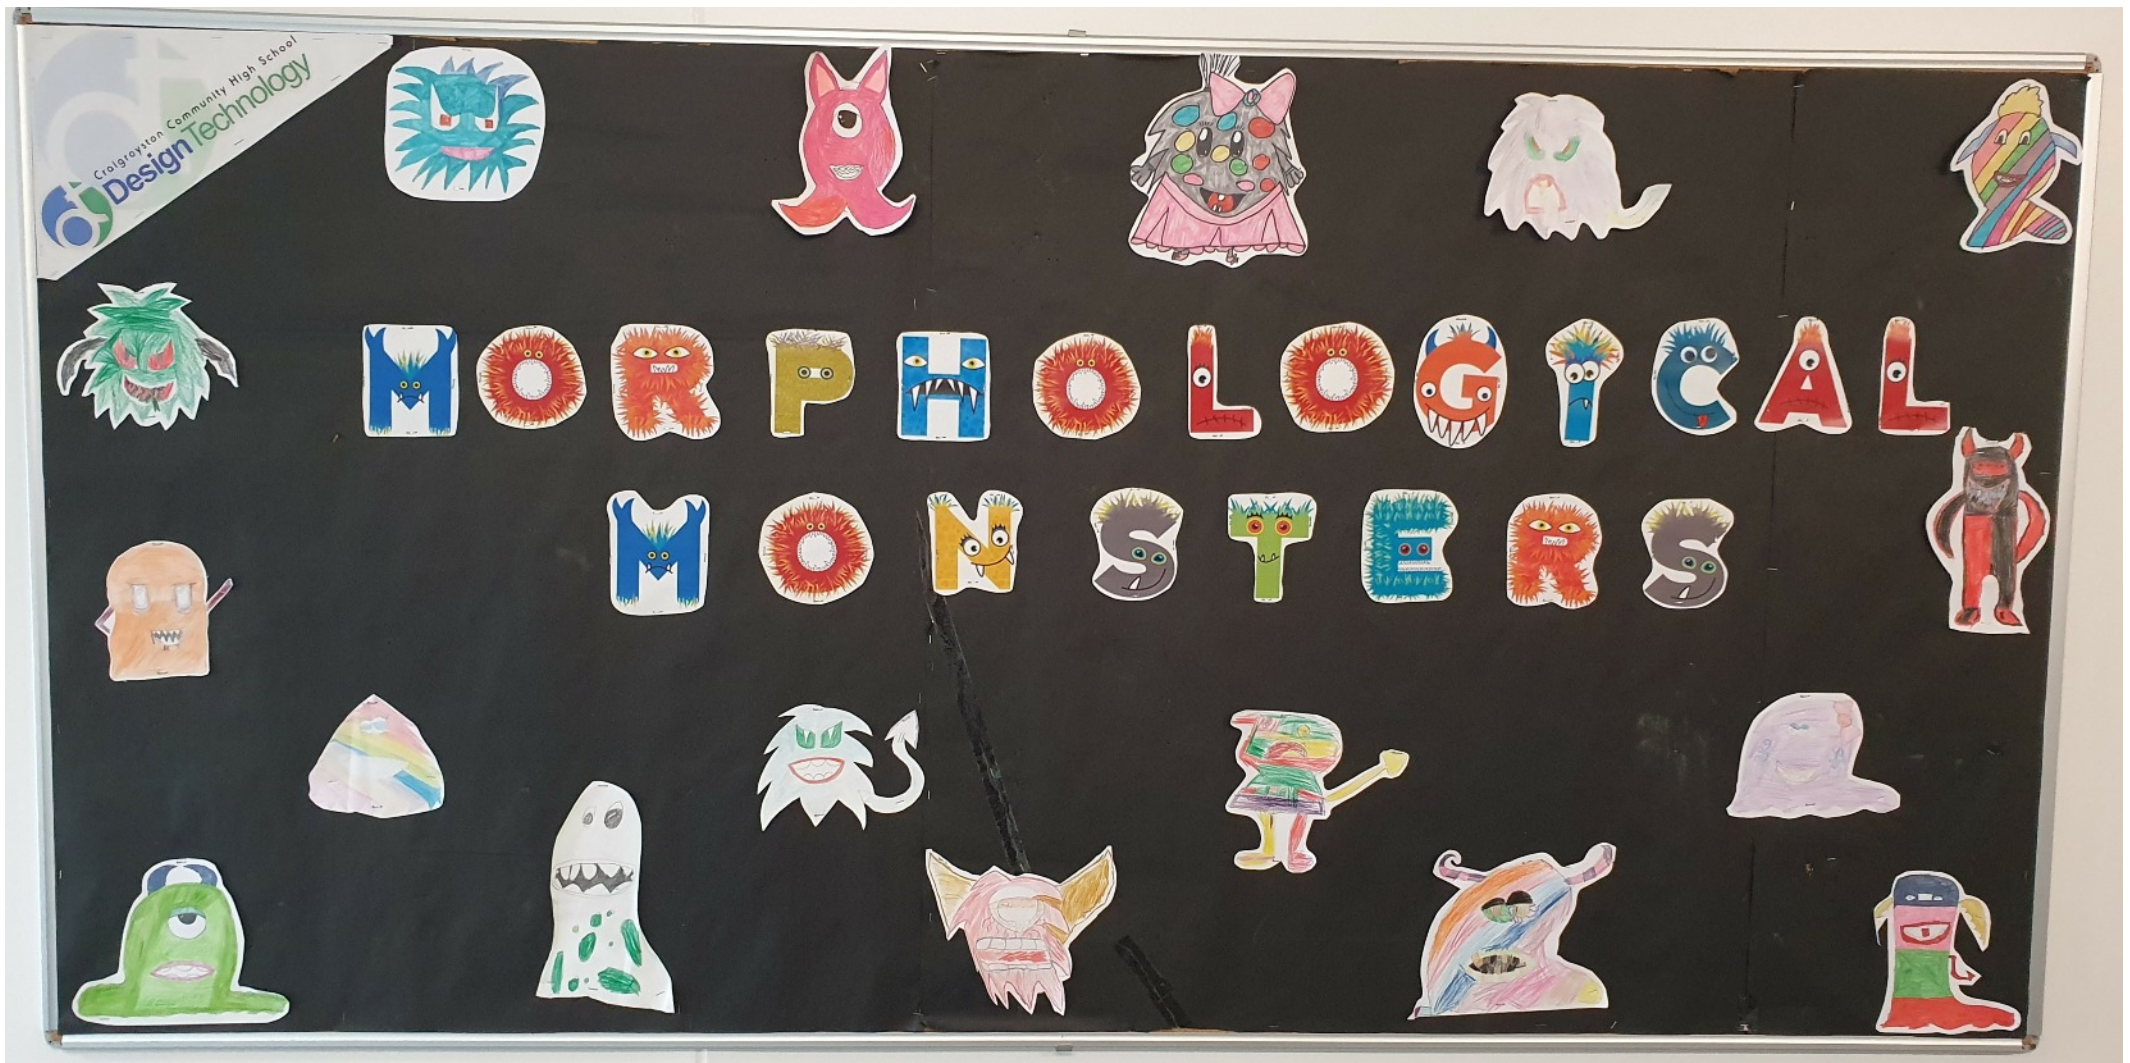

Once the Dice have been created the players take turns to roll the body Die. Whatever it lands on, the player must draw on their paper.

Then the players take it in turns to roll the other 3 Dice to create a unique monster.

Try and see how many combinations can be created!

Then colour in your creations.

Have fun!

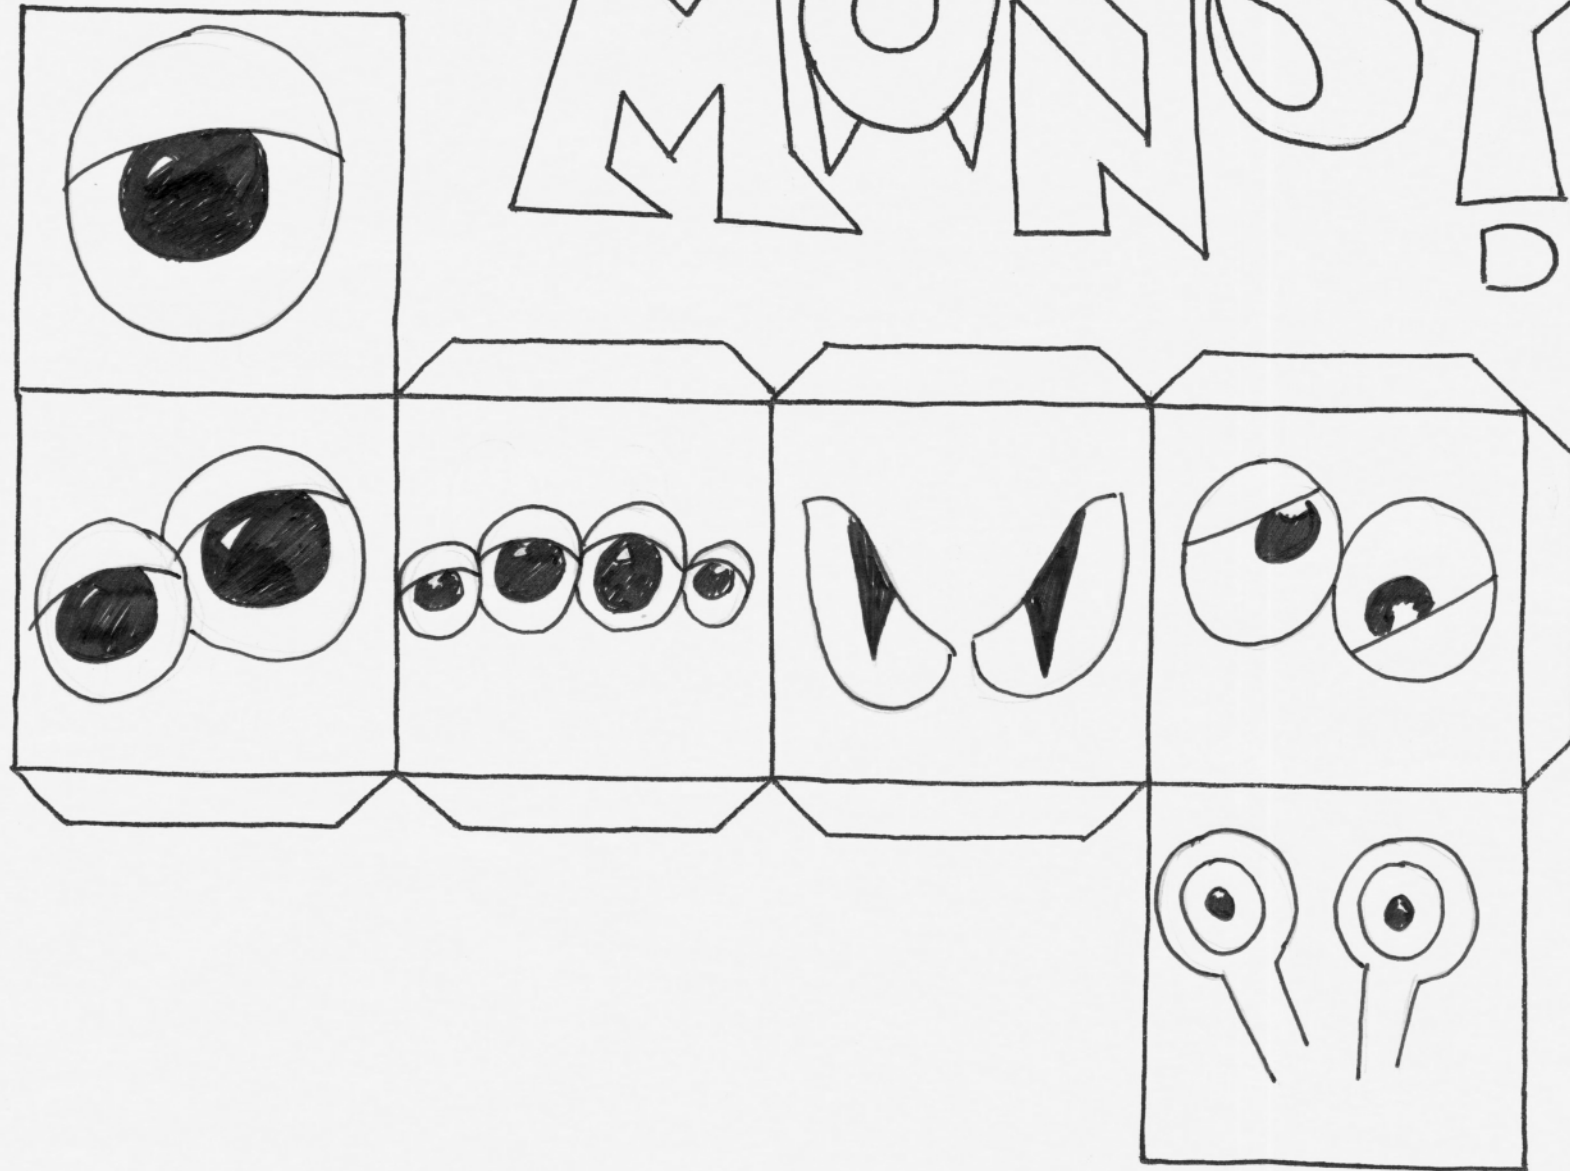

Here are some of the monsters that have been produced before.
