8th May 2026

Dear Parent/Carer,

As we move into the new timetable and look towards the new session, we focus on our young people who are moving from S4 into S5 and S5 into S6. This is to ensure that they are supported to make an informed decision about their future in terms of moving into a positive destination after school. It is also a time for us as a staff to reflect on the year and ensure that, moving forward, we are making decisions on what is best for individual pupils and the school as a whole.

As you will be aware, there have been times this year where your child has not engaged with their learning. They may have been avoiding class, lapping the school, being disrespectful to members of staff or refusing to follow of instructions. With this in mind, and with our focus on ensuring that the school is a safe, calm environment, your child will be given the month of June, as they move into S5 or S6, as a tracking and monitoring period - targets will be set for this. If your child does not meet the expectations of a senior pupil during this time, they will be supported towards a positive destination out with school from August onwards.

Your child's PSL will be in touch to meet with you in the coming week to set targets and explain this further.

Thank you for your understanding with this.

Kind regards,

Shelley
